## Immigration Physical Information

**COST:** The initial cost for the Immigration Physical is \$285. There may be additional cost depending on your specific situation. *Please see cost sheet for more information.* All fees are non-refundable once paid. Please make sure you are clear on all initial and potential costs prior to making payment.

**VACCINATIONS:** All adults ages 18-65 are required to have proof of the following vaccinations prior to pick up of completed immigration physical forms:

- TD or TDAP
- Measles, Mumps, and Rubella
- Varicella (If you have not had chicken pox.)
- Influenza (During flu season, typically October – March, but can vary.)

Children under 18 and adults over 65 should be clear on their required vaccinations prior to leaving their 1<sup>st</sup> exam.

It is the patient's responsibility to be vaccinated and provide proof. Our office may have in stock the vaccination, but it is not guaranteed. If we do not have the vaccine in stock, you must find another facility to receive vaccination and bring back proof.

Patients may be able to get vaccines for a lower cost (particularly those with no insurance) at Orange County Health Care Agency. Please call them if interested at (800) 914 4887.

**COMPLETED FORM PICK-UP:** Forms will be ready for pick-up within 5 business days AFTER ALL LAB/IMAGING REPORTS and PROOF OF VACCINATION has been submitted. The patient and interpreter (if applicable) must be present to sign and pick up forms.

**PICK-UP TIMES:** 4pm – 5pm, Monday, Thursday, and Friday only. Patients may be asked to come at 3:30 to complete their portion of the forms.

If you have a USCIS appointment, please indicate the date and time in the following field.

USCIS Appointment Date: \_\_\_\_\_ Time: \_\_\_\_\_

We will do our best to have your forms ready prior to your USCIS appointment but it is only guaranteed if all needed documents are not submitted 5 business days prior.

I \_\_\_\_\_ fully understand the information provided above.
